

Preconference Form

Dear Parents,

Parent teacher conferences offer us an opportunity to share insights and ideas about your child's growth academically, socially and emotionally. As we get close to conference time, we would like you to take a moment to fill out this questionnaire. This will ensure that we use our 20 precious minutes together most effectively and cover all of your concerns. If you need more space, you may certainly use the back of this sheet or attach another paper. If you have additional questions beyond those listed, feel free to share those with us as well. Please send this sheet back to school with your child at least one week prior to your scheduled conference time. Your thoughtful completion and timely return of this questionnaire will assist us both in our preparations. We look forward to seeing you.

Thank you,
The Fifth Grade Team

Student's Name: _____

Parent's Name: _____

My child's attitude about school is:

I've noticed my child progress (academically/socially) in these areas thus far:

I have concerns about my child's progress (academically/socially) in these areas thus far:
